

# Destination ImagiNation

Kelling Photography will provide team photographs for the Destination ImagiNation Tournament your team is attending. Each team will have their team photo taken with their team managers following their Team Challenge.

We will take a serious photo that is suitable for framing or display. Your team will also take a "fun" photo where we ask each team to "be themselves" and have a little fun. Participants may purchase either the serious photo or the fun photo or both. The teams will be able to see their photos prior to purchasing.

The photos will be 5 X 7 in size and cost \$10.00 each. The finished photos will be available to the team manager approximately one hour after they are taken.

The order form is available below. Parents are encouraged to complete the order form and turn it in to the team manager. The team manager will turn in a team order form at the meet.

If you have further questions, please feel free to contact us:
